ABOUT US

www.Apnicrypto.com

INTRODUCTION

While Decentralized Finance (DeFi) continues to make waves and maintain its parabolic growth, yield farming remains a popular tool for generating returns from long-term holdings. For the uninitiated, yield farming is simply the act of staking your assets into a platform to earn yield.

VISION

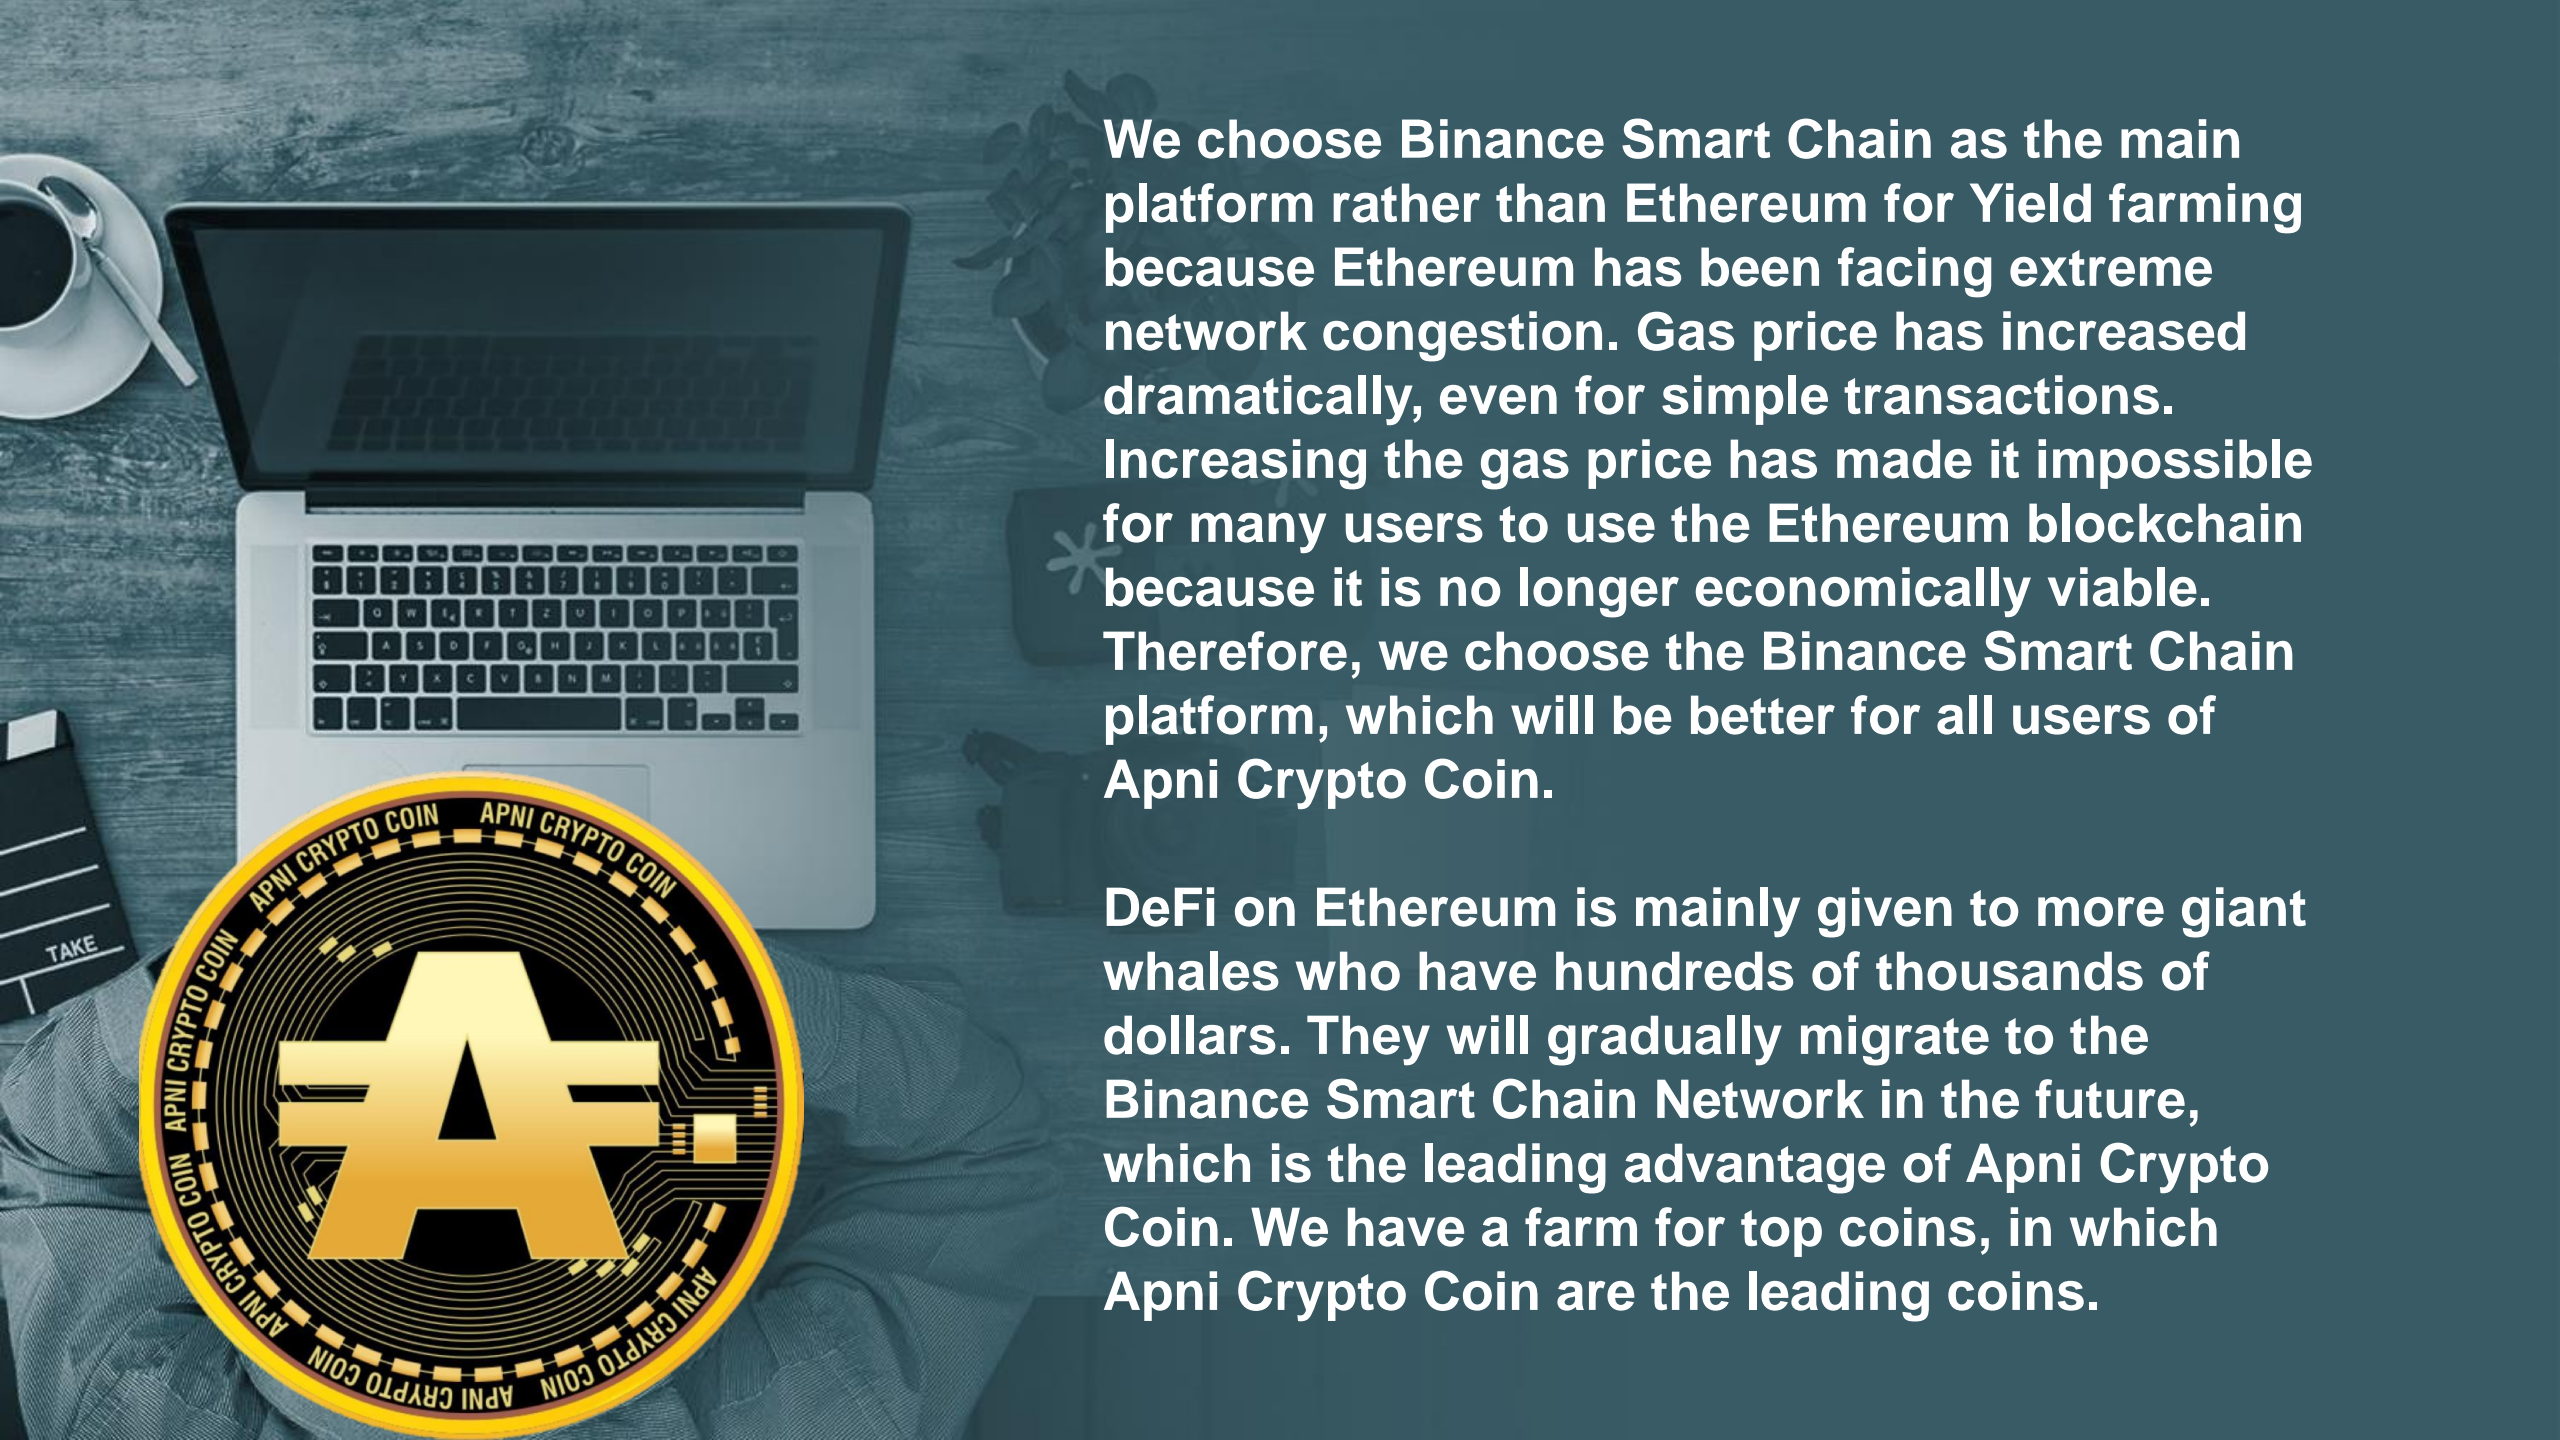

Our vision is to be a leading Apni Cryto Coin farm on the Tron Smart Chain platform, possessing transparent and fair metrics and bringing many returns. Community Driven Making money is good, but making money together is even better. We choose to share our success with the world to enhance the living standards of communities, your families, and your bank accounts.

PLATFORM

www.Apnicrypto.com

The background of the slide features a top-down view of a workspace. On the left, there is a silver laptop with a black keyboard, a white coffee cup on a saucer with a spoon, and a small potted plant. A large, semi-transparent Apni Crypto Coin logo is overlaid on the bottom left. The logo is circular with a yellow border and a black center. It contains a stylized yellow 'A' with horizontal bars. The text 'APNI CRYPTO COIN' is repeated around the inner border of the circle.

We choose Binance Smart Chain as the main platform rather than Ethereum for Yield farming because Ethereum has been facing extreme network congestion. Gas price has increased dramatically, even for simple transactions. Increasing the gas price has made it impossible for many users to use the Ethereum blockchain because it is no longer economically viable. Therefore, we choose the Binance Smart Chain platform, which will be better for all users of Apni Crypto Coin.

DeFi on Ethereum is mainly given to more giant whales who have hundreds of thousands of dollars. They will gradually migrate to the Binance Smart Chain Network in the future, which is the leading advantage of Apni Crypto Coin. We have a farm for top coins, in which Apni Crypto Coin are the leading coins.

NFT Market Places

• The type of Yield farming that doesn't interest you is a bunch of NFTs. We allow users to create their own NFTs, buy and sell NFTs with Apni Crypto Coin on the NFT Marketplace platform. You will enjoy it. It will be coming soon!

• Deposit NFT to get assets. Users can use any Apni Crypto Coin cryptographic token to use NFTs, which are randomly generated and can be classified into five groups: bronze, silver, gold, platinum, and diamond to determine the mining power of NFT.

WHY CHOOSE US

www.Apnicrypto.com

Why choosing APNI CRYPTO COIN?

Community Driven

Making money is good, but making money together is even better. We choose to share our success with the world to enhance the living standards of communities, your families, and your bank accounts.

Transparency

Apni Crypto Coin will increase transparency in transactions by providing detailed and real-time logs of all transactions. We will be as transparent as possible while remaining competitive.

Why choosing APNI CRYPTO COIN?

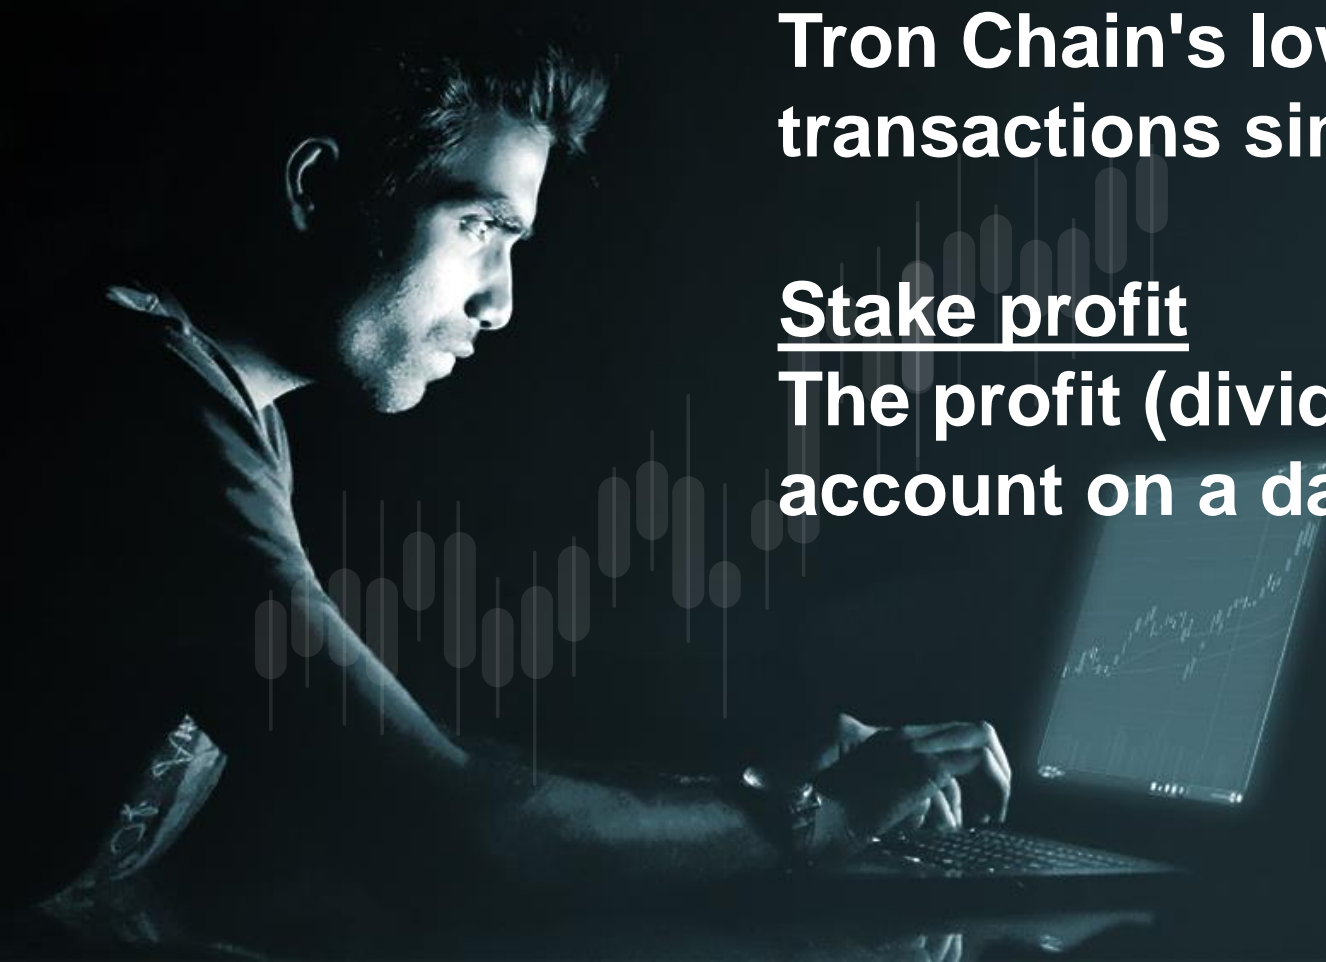

Low transaction fees

Tron Chain's low transaction fees make transactions simple for everyone.

Stake profit

The profit (dividends) are accrued to your account on a daily basis and in real-time.

Note :

You can withdraw the dividends at any time.

If your Friend purchases via your link, you will receive a 10% commission of sale.

Thank You
